TO WHOM IT MAY CONCERN

This statement is to confirm that I am aware of demands for payments and threats of actions against Glenn Thompson by General Credits Ltd.

The demands and threats mentioned above took place between the following dates. MAY 1st. 1982 and FEB. 1983.

People concerned with these demands and threats were the Manager and staff of General Credits Ltd. branch office at Reservoir.

Glenn Thompson was making payments to G.C.L. for a loan that was the result of a contract, between Thompson and K. Buchanan on land at Kyneton.

The loan was due for final payment, Thompson was unable to raise the required amount, and G.C.L. were threatening to sell the land or take court action against Thompson.

There were several occasions during this period when phone calls to our office were directed to me, these calls were actually meant for Thompson, however I took the message and therefore was aware of the threats.

On the occasion of a meeting at the Reservoir office of G.C.L. When myself Thompson and the Manager for G.C.L. Bill McLean were discussing the loan and the refinancing of it McLean became very hostile, he lost his temper and accused me of various things, he also made threats towards Thompson.
