

laid in 1982" then the Council "had in fact sealed the plans of cluster subdivision in contravention of its statutory duty to refuse to seal them ...".⁷⁸

87. What Mr Thompson fails to mention and what the objective documentary evidence establishes, is that he was aware and had been aware, at least since August 1987 (if not before), that the "reticulated water supply" had been laid in 1982 and not 1979.
88. The objective documentary evidence, in particular Mr Thompson's own correspondence, establishes that Mr Thompson was aware from at least 1987 that the reticulated water supply was laid in 1982. By a letter dated 24 August 1987, Mr Thompson advised the Council as follows concerning the "reticulated water supply" on the Woodleigh Heights subdivision:

"25. *Sometime in 1980 or 1981 the timing of which is irrelevant the Kyneton Council approved the resubdivision of the Woodleigh Heights Subdivision into 131 allotments.*

...

27. *By minute dated 6 November 1980 the Kyneton Water Board resolved to advise the Kyneton Development Committee that it could supply 1,000,000 gallons annually in any reticulated area and that any anticipated consumption in excess of that figure would be subjected to negotiation.*

...

30. *Kyneton Water Board did subsequently enter into a water supply agreement between itself and Woodleigh Heights Resort Developments Pty Ltd for the supply of water to the whole of the Woodleigh Heights Subdivision.*

...

33. *Subsequent to the making of the above agreement trenches were dug and pipes laid along a considerable length of Edgecombe Road in order to facilitate the supply of water to the Woodleigh Heights Subdivision.*

...

112. *The Board under cover of letter dated 12 September 1985 made a copy of the agreement available [being the agreement referred to in paragraph 30 of the August 1987 letter] after my solicitor threatened to take legal action to force the Board to make a copy available.*
