

GLENN THOMPSON

27th April 2010

Ms Suzanne Tinkler
Maddocks

By facsimile 03 9288 0666

Magistrates Court proceeding N01349311
Website CourtsOnTrial.com

I refer to your facsimile of even date.

I note that truth is not and cannot be defamatory. I also note that the material on which my assertions are based is provided along with my assertions so that readers may form their own beliefs and opinions, including as to my assertions.

I will be pleased to immediately remove from the website anything which is demonstrably wrong or without any grounds for belief.

Please specify, with reasons, which of my various assertions are baseless or wrong

My allegations are predicated on the assumption that the council, Mr. Peter Johnson, Ms. Lisa Kennedy, Mr. Harris, Maddocks and the Magistrate understood and understand that the child properties in a completed subdivision do not constitute "the same land" as the parent property where the term/word "land" includes the common notions "property", "rateable property" and "rateable land". My allegations are also predicated on the further assumption that each of the above understands and understood that until and unless a proposed subdivision is approved or capable of being approved by the Registrar of Titles the "lands" (including the same notions) being those allotments does not exist and are therefore incapable of being owned, occupied, sold, transferred or rated and as they do not exist they manifestly do not and cannot be "the same land" as the parent property. On these assumptions the representations by each of the above to the effect that the rates purportedly levied during the period 1983 to 1991 were levied on "the same land" as the parent title (where the term/word "land" carefully excludes the same notions) is an overt misrepresentation that was not and could not have been separately concluded or believed by each or any individual schooled in the correct notions.. The remainder of the grounds for my beliefs and assertions are set out on the website.

I look forward to your early reply.

You will note that I have updated the text of the website and that your letter and this are online.

Yours faithfully

Glenn Thompson.
