

3rd February 2014.

Justice Greg Garde.

G'day Garde.

You and Osborn.

I have unravelled Osborn's exceedingly sophisticated malicious fraud in conspiracy with yourself.

See included memo of 3/2/14 which I am widely distributing.

I was pleased to see you elevated to Justice of the Supreme Court and President of VCAT. Your elevation makes my exposure of your true character much more interesting and much more of a lesson to others.

You may have momentary power, but you are permanently devoid of integrity, you will be remembered in infamy.

As you are well aware Osborn fabricated his Reason around the notions of potable water, that Woodleigh Heights Resort Developments P/L was "the Developer" and fabrications as to the Planning Permit. Each of these things were cooperatively introduced by you and Osborn subsequent to the adjournment on 1/11/2006 and each of them were entirely irrelevant except to the scheme of Osborn's intended fraudulently fabricated Reasons.

You were and remain well aware that your friend Osborn exceedingly corruptly fabricated his Reasons for the purpose of denying and concealing your consistent serial corrupt conduct. You then maliciously sought and your corrupt friend ordered that I pay hundreds of thousands of dollars in indemnity costs to you and for that you and Osborn relied on the Reasons you knew well to be fabricated. You then sought to deceive the Court of Appeal by representing Osborn's Reasons as reasoned when you knew well they were fabricated, you then sought and were granted indemnity costs in the Court of Appeal also based on Osborn's fabricated Reasons. Prior to that you conspired to deceive Master Efthim. You win Court cases with bald faced corrupt lies. You are thoroughly and indelibly corrupt and I will absolutely expose the real Greg Garde.

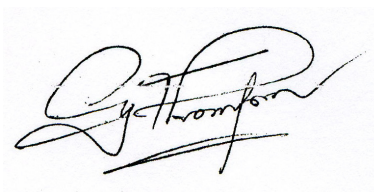

You also, namelessly, described me as a vexatious litigant in the Law Reform Committee's inquiry into vexatious litigants when you knew full well that you and John Norman Price and Ian Lonie had cooperatively deceived the AAT in 1988 and which deception led directly to the hearing before Osborn and you were fully aware that Osborn's fabricated Reasons directly led to the Court of Appeal. You even deceived that inquiry.

Incredibly you now preside over VCAT, the very organisation you thoroughly deceived in 1988.

You were also fully aware that Osborn fraudulently fabricated "Authenticated Orders" and that those fraudulently fabricated "Authenticated Orders" were uttered by your instructing solicitor Steven Mark Edward for the purpose of corruptly disallowing my appeal which made serious allegations as to Osborn's conduct.

In order that there is no misapprehension. It is my firm commitment to see you removed from the office you sully and then incarcerated as a lesson to the numerous other corrupt denizens of the Court who presently run rampant because of persons of your ilk and because everyone including the Court averts their eyes to such conduct.

On behalf of my family; your victims.
