

3rd February 2014.

~~Justice~~ Robert Osborn.

G'day Osborn.

You and Garde.

I have unravelled your exceedingly sophisticated malicious fraud in conspiracy with Garde.

See included memo of 3/2/14 which I am widely distributing.

I was pleased to see you elevated. Your elevation to the Court of Appeal makes my exposure of your true character much more interesting and much more of a lesson to others..

You may have had momentary power, but you are permanently devoid of integrity, you will be remembered in infamy.

Don't delude yourself that your conduct was a momentary lapse. It is easy to display a facade of honour and integrity in ordinary times. When the chips were down your true and innate nature was brought to the fore. That true nature was on display and well perceived by me during the hearing on 1/11/2006 and then abundantly confirmed by your "Reasons" delivered 29/11/06 and your further malicious conduct on 7/12/06 when you awarded severe indemnity costs against me and to your co-conspirator Garde.

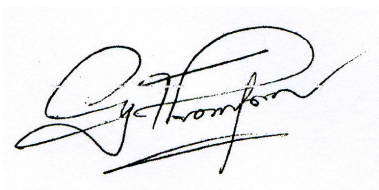

Your fraudulently fabricated Reasons were no surprise. Sadly they reflect your underlying innate character which was exhibited in the Court. Unlike many poor souls sentenced by you, you are an exceedingly sophisticated person, you were not driven by despair or hunger or need as many poor souls are. Your fraud was a cool calm considered malicious fraud for the purpose of concealing the abundantly and prolific corrupt and dishonest conduct of friends of like mind and character.

You then fraudulently fabricated "Authenticated Orders" for the purpose of concealing your fraud.

You are merely an unadulterated mealy mouthed crook, pure and simple, a bewigged imposter, but far worse than any fraudster who has stood in the dock of the court which is sullied by your presence. Your fraud is against the democracy of Victoria.

In order that there is no misapprehension. It is my firm commitment to see you removed from the office you sully and then incarcerated as a lesson to the numerous other corrupt denizens of the Court who presently run rampant because of persons of your ilk and because everyone including the Court averts their eyes to such conduct

On behalf of my family; your victims.
