The Secretary,
Kyneton Shire Waterworks Trust,
Shire Hall,
KYNETON 3444

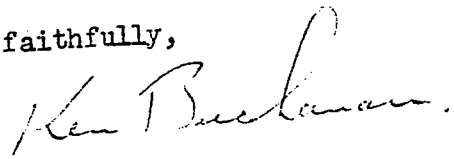

Dear Sir,

I would like to convey my appreciation for the Trust's consideration regarding water to the Woodleigh Heights Resort Development.

We would expect to start building May/June and would require water by September. With regard to the capital costs, rating and method of supply, I would be pleased to meet with you regarding these matters.

If possible I would like the scheme to operate in such a manner as to allow Woodleigh Heights Resort Development to control its own reticulation i.e. by purchasing water from the Trust.

Yours faithfully,

K.R. BUCHANAN
